

Our organization, _____, supports the
10th Anniversary Jericho October 10th March on the United
Nations for Freedom for Political Prisoners and Prisoners of War!

We understand that political prisoners and prisoners of war are *our own* freedom fighters imprisoned for believing and acting on ideals that our shared by people who struggle for a free and just society. We understand that our own freedom to resist comes in part from the sacrifices of our prisoners and that it is *our responsibility* to work towards their freedom. We think this march will be an opportunity to carry our movement forward!

We stand in solidarity with the Jericho Movement on its 10th anniversary in the struggle! We stand in solidarity with the October 10th Coalition of NYC and we *know* that actions speak louder than words!

(Check the boxes for the work *that you can commit to* as an organization . . .)
